Scope

This policy applies to all people working on behalf of VoiceAbility in a paid or unpaid capacity.

The Adult Support and Protection (Scotland) Act 2007 defines an adult at risk of abuse as:

In Scotland, the definition of an adult varies in different legal contexts. The general legal age of adulthood is 16, however statutory guidance which supports the [Children and Young People \(Scotland\) Act 2014](#), includes all children and young people up to the age of 18. Where a young person between the age of 16 and 18 requires support and protection, services will need to consider which legal framework best fits each person's needs and circumstances. The [National guidance for child protection in Scotland](#) gives more detail about this.

Guidance and support

We will provide clear safeguarding guidance for our staff and a dedicated [intranet site](#) to support good safeguarding practice.

Our guidance will enable our staff to:

- be alert to and to know when to report allegations and suspicions of abuse.
- know how to follow local authority protocols when reporting safeguarding concerns
- know who within Voiceability to contact about an allegation of abuse if the line manager is not available.
- know how our role fits in with the wider legislation relevant to Safeguarding.
- know what to do if an allegation of abuse does not meet a safeguarding threshold
- provide escalation guidance to ensure staff know what to do if we are worried that the actions taken by the local authority are not keeping the person safe (including when a concern is rejected)
- know what will happen as a result of a Safeguarding referral
- understand the key legislation and how to use this to ensure people's rights are respected in matters relating to Safeguarding
- know what to do if they suspect abuse by a VoiceAbility staff member

Training

All staff will have Safeguarding training relevant to their roles and responsibilities. This includes:

- training for all advocacy staff in using our policy, process guide and intranet
- refresher training for all staff at least every two years
- training to enable managers to promote good safeguarding practice within their teams
- training for Trustees

Workforce Management

VoiceAbility will act on information provided by Disclosure Scotland and, where appropriate, ensure the appropriate DBS re-checks are undertaken in line with VoiceAbility policy.

Ensuring staff/volunteers are safe to work with Vulnerable People

VoiceAbility is committed to its duty to make referrals to Disclosure Scotland/DBS in line with the Protection of Vulnerable Groups (Scotland) Act 2007 and Safeguarding Vulnerable Groups Act 2006. It is the responsibility of the Director of Human Resources to make a referral when anyone working on behalf of Voiceability has been dismissed due to abuse or

removed from working with children or adults at risk (or may have been if the person had not left or resigned etc.). Referrals will be made in line with VoiceAbility policy.

Open Culture

As an organisation we recognize the importance of an open culture where staff feel confident and supported to raise any issues relating to safeguarding.

We will ensure that staff are provided with an appropriate context to discuss Safeguarding matters. This will include:

- regular 1:1 supervision
- regular team meetings with a dedicated section in each meeting for staff to provide any safeguarding related updates
- a Safeguarding Communities of Practice and Teams Forum which will encourage discussion about Safeguarding matters
- regular and thorough case audits to support good safeguarding practice
- safeguarding refresher training

In all of these contexts, staff will be listened to and supported to work through Safeguarding dilemmas.

The consequences of not following this policy and the related guidance

The consequence of not following our safeguarding policy is a serious matter because it may result in avoidable harm. It is therefore of paramount importance that this policy and guidance is followed at all times. Any breach of this policy or guidance may result in disciplinary action.

The committee will meet on a quarterly basis and include a senior external professional, trustee's, and staff with frontline and management experience.

The aim of the committee is to ensure an open culture of learning from mistakes and working proactively to embed good safeguarding knowledge and practice.
